June 2nd, 1916

Hon. R. A. Pyne,

Minister of Education,

Parliament Buildings, Toronto.

Dear Dr. Pyne:

We have been holding our Arts Calendar from publication for over a month in order that we may insert the departmental requirements for specialist's certificates. The matter has become very urgent with us, and I shall regard it as a great favour if you will have the arrangements that we have made ratified as soon as possible.

Yours sincerely,

President.
